

## ABFSE Textbooks

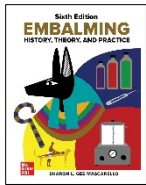

ABFSE has a long history of providing textbooks for funeral service education. Many authors have requested authorization to use the ABFSE curriculum outlines to tailor textbooks for funeral service.

In 1990, ABFSE supported the publication of the *Embalming* textbook authored by Robert G. Mayer. That text is now in its 6<sup>th</sup> edition with Sharon Gee-Mascarello assuming the editor/author role.

In 2023, Larry Cleveland gifted his funeral service textbooks to ABFSE. His works were originally published by Hudson Valley Professional Services.

**Students** can obtain all titles via Amazon. ABFSE does not handle direct sales.
